# NMC SHIP AGENCY & BROKERAGE

NMC Ship Agency & Brokerage is the natural outgrowth of National Marine Corporation's experience in its shipping operations when the company was established in 1984. Over the years, National Marine Corporation expanded its business interest in dry bulk cargo transport, tankering and petroleum barging, full-container liner shipping, third-party logistics, and other allied services.

With decades of shipping experience, NMC Ship Agency & Brokerage has honed its professional expertise by providing needed agency requirements to NMC's fleet and allied shipping companies as well as knowing the ins and outs of all ports in the Philippines.

In 2002, NMC Ship Agency & Brokerage ventured into the customs brokerage service to better serve its existing principals and clients in the importation of ship spares. It was also successful in handling the customs processing of containerized imports from reputable local importers.

Today, NMC Ship Agency & Brokerage provides full agency and brokerage services to various shipowners, charterers, and principals here and abroad. NMC Ship Agency & Brokerage provides a complete line of services.

To respond to the growing needs of the domestic and overseas market as well as to ensure timely and prompt delivery of services to customers nationwide, NMC Ship Agency & Brokerage's network of offices is strategically located in Manila, Batangas, Bacolod, Iloilo, Cebu, Subic, Dumaguete, Cagayan de Oro, Iligan and Davao.

All offices are staffed with professionals who know the value of quick vessel turnaround, our main objective for every vessel attendance that we provide to our principals.

This is coupled with the desire of providing professional, integrated, and efficient services along with competitive and cost-effective port costs.
